SAFETY DATA SHEET

RINSE & DRYING AID

PURPOSE:

Rinse & Drying Aid is designed to give you spot free drying of machine washed tableware. The concentrated liquid formula has been developed specifically for use in commercial restaurants, bars, clubs, bakeries, fast food outlets, coffee shops, healthcare facilities etc.

DIRECTIONS:

Follow your machine's recommend ratio of detergent. Generally approximately between 50 and 150ppm (1:20,000 – 1: 67,000) for use in automatic dispensers depending on operating conditions. If glassware is cloudy then the ratio is too strong and adjust the auto feed valve until the cloudiness disappears.

KEEP OUT OF REACH OF CHILDREN.
